

Foldster's Projects

We bring your content creation brand to life

Stream overlays, bots, custom tools, and branded merch.
Full automated pipelines between them all.

Recent Work

See All →

*Previous and ongoing client projects.
See how we bring their ideas to life.*

Bizzlebeard's HCW Bot

Custom interactive overlay + bot for Bizzlebeard's wrestling show. Match state, win records, Bluesky cross-posting, chat overlay.

*Foldster | Work | for
Bizzlebeard*

Rewkers's Guessr47

Multiplayer location-guessing for video-game maps. Twitch OAuth, sync + async modes, host-side map upload.

*Foldster | Work | for
Rewkers*

Dizzy's Custom Overlays

Custom OBS overlay package — the close-collaboration build. Warmer aesthetic, designed for slower-paced streaming.

*Foldster | Work | for Dizzy,
in progress*

Open Tools

See All →

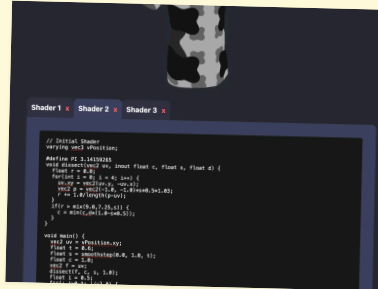

Tools for creators. Use them as-is or commission custom features.

Demowall

GLSL fragment shaders as Android live wallpapers. Load custom shaders from Bluesky via Demosky.

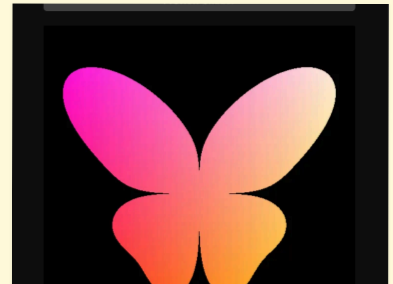

Foldster | Tool | open source, Google Play →

Demodrip

Shader-based t-shirt design tool. Live 3D preview, export print-ready textures.

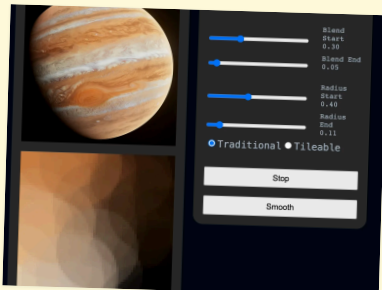

Foldster | Tool | open source, demodrip.app →

Demosky

Bluesky client for browsing and sharing shader demos. The social hub for the ecosystem.

Foldster | Tool | open source, demosky.app →

Palettotope

Topology-aware palette extraction. Spheres, Tori, and Klein bottle color maps, plus arbitrary graph-based palettes.

Foldster | Tool | open source →

Emotions.dev

Emotions toolkit. Recently shipped — full writeup coming.

Foldster | Tool | newly shipped →

Foldster Studio

Browser-native streaming. captureStream + WHIP to stream.place, no OBS required, works on phone.

Foldster | Tool | open source, PoC →

Services & Pricing

See All →

Four tiers. Published pricing. **40% off for the first 3 paid clients.**

Asset Pack

I.

A coordinated bundle of static deliverables — overlay set, 3D-print collection, graphics suite, one-shot tool kit. No live data. You walk away with the files.

Foldster | Service | ~~\$600-1,200~~ **\$360-720** launch

Live Integration

II.

Tool wired into a live data source — Twitch events, chat, Bluesky. Reactive overlays, custom bots, interactive widgets.

Foldster | Service | ~~\$2,000-3,500~~ **\$1,200-2,100** launch

End-to-End Pipeline

III.

Live tool plus an outbound on-demand service — viewer-triggered merch print, e-commerce drop, scheduled action.

Foldster | Service | ~~\$5,000-10,000~~ **\$3,000-6,000** launch

Ongoing Tooling Partnership

IV.

Continuous evolution on shipped work. Monthly feature additions, scheduled drops, maintenance. Cancel anytime.

Foldster | Service | ~~\$500-1,000/mo~~ **\$300-600/mo** launch

Donation

V.

Keep the free tools running. Server costs + ongoing development on Demowall, Demodrip, Demosky, and the rest. No project deliverable in return — just gratitude.

Foldster | Support | **pay what you want**
